[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, Feb. 9.—The following special bulletin has been issued by Willis L. Moore, chief of the Weather Bureau:

Morning advices show that freezing temperature occurred in Florida last night, as far south as a line traced from a point just a little south of Tampa, to the Atlantic coast, just north of Jupiter, Tampa showing a minimum of 28 deg. and Jacksonville a minimum of 26 deg. At Jacksonville, a minimum of 23 deg. was reached.

The temperatures were very accurately forecasted Wednesday morning when the weather bureau at Washington telegraphed the following special forecast for the Florida stations to all the fruit-growing, agricultural and transportation interest that could be reached by telegraph, telephone and mail during Wednesday:

"Temperature will fall to about 25 deg. tonight at Jacksonville and the line of freezing weather will extend as far south as Tampa. Temperature will continue low Thursday and Thursday night, and will moderate Friday."

The temperature continues abnormally low in all districts east of the Rocky Mountains, the western Dakotas, Minnesota, Western Wisconsin and the region to the northward being embraced within the area of lowest temperature, where the readings range 21 to 26 deg. below zero in the States named, and reached 50 deg. below zero at Minnoda, Manitoba. Zero temperature extends to a line traced from Southern Virginia, Northern Arkansas and Southern Oklahoma, to Cincinnati, the lowest temperature record has been broken with a reading of 16 deg. below zero, the lowest previous temperature recorded by the weather bureau at that place being 12 deg. below zero, February 3, 1895, and on January 10, 1896.

The outlook is that there will be a marked though gradual rise in temperature east of the Rocky Mountains after today, and a return to the normal temperature may be expected in that section by Friday.

SEVEN BELOW.

WASHINGTON, Feb. 9.—The thermometer went to 7 deg. below zero in the early hours this morning, the lowest since December, 1891. The air is clear, and the sun, today, is out, so that the cold is not so oppressive as the thermometer reading would indicate. The city is covered with deep snow, and the streets are icy.

SLIGHTLY MORE GENERAL THAN IN YEARS. The Potomac is frozen over.

MOUNTAINS OF SNOW.

[ASSOCIATED PRESS NIGHT REPORT.]

DENVER (Colo.), Feb. 9.—This was the sixteenth day of the great snowstorm in the mountains. The wind was blowing a gale, and the snow was falling fast, and fresh slides occurred, covering the tracks with great piles of snow, rocks, etc., at various points. No trains were running, and the outlook is more serious than at any time since the snow began.

The Denver and Rio Grande Railroad was open only between Denver and Saluda. Two eastbound trains are stalled at Minturn. The passengers are being cared for by the railroad company. The Colorado Midland remains blocked both east and west of Leadville. No further attempt will be made to open the South Park road.

Grant, until the weather moderates. The Union Pacific is still open, although trains have been seriously delayed by snow on the Colorado and the snow melted rapidly.

Local Forecast Official Brandenburg gives it as his opinion that the storm at Leadville is due largely to the topography of the country. No matter what the wind conditions are some part of the mountains will receive regularly snow. The heavy snow on the mountains themselves, are opposed to the winds which otherwise would tend to dissipate the disturbance.

Reports from eastern Colorado, Nebraska and Wyoming state that high winds have drifted the snow, clearing the prairie and leaving the fields to furnish some feed for both cattle and sheep.

Indications are that the heaviest snows will be in the north and west, and that the cold will be in better condition to withstand the cold weather and having more feed.

STRAINING DESPERATE.

LEADVILLE (Colo.), Feb. 9.—Two feet of fresh snow fell in this vicinity yesterday and today. The people have begun to realize that the camp is facing a desperate situation. The ordinary consumption of coal in the camp is 600 tons per day. There were today but a few carloads left, and the railroads were blocked on both sides of the city. The big rotary saws were out of service, being caught between two trains, surrounded by snow-slides near Red Cliff. It was evident that, unless the Rio Grande and the Midland could be quickly opened, not only must the smelters and mines be closed down, but the people of the town must stop work, causing a dire and terrible loss. A meeting of mine and smelter managers was hastily called to consider the situation. Col. George W. Cook appealed to the managers to come to the aid of the railroad, not for the purpose of enabling passenger trains to move, but in order to bring in supplies of coal. He said that the smelters closed down and the water flooded the downtown mines, it meant that a year's work would be lost in Leadville.

The response was prompt. In less than ten minutes 600 men had been furnished. In the morning Col. Cook will go out at the head of 1000 shovelers to clear the Rio Grande tracks.

When that is done, the services of the shovelers will be tendered to the Midland.

The little town of Leadville is being threatened sparingly along the properties working pumps. It is realized that if

fuel be not secured, much suffering and possibly loss of life will result. On this, the sixteenth day of the snowstorm, the air was so dense that it was impossible to distinguish objects at a distance of four feet.

MEASURES FOR RELIEF.

LEADVILLE (Colo.), Feb. 9.—The storm continues with unabated fury. The situation here is critical. A meeting of mining, smelting and other business men, to discuss measures of relief, was held today. It was agreed that if steps were not taken to break the railroad blockade hundreds of lives may be lost. It was decided to put out all the available men to work to open the road between here and Malta, Colo. Col. G. W. Cook will head a party of 1000 snow-shovelers. No trains are running on the Denver and Rio Grande, west of Saluda, and the Colorado Midland is completely tied up.

IMPENDING COAL FAMINE.

LEADVILLE (Colo.), Feb. 9.—Nothing but the most heroic efforts on the part of the railroads entering Leadville will prevent the drawing of fire under smelter stacks and under the boilers of the mine pumps, that are forced to pump constantly. Drawing of fire would cost months of time and enormous sums of money. Seven cars of coal remain for the pumping association that is unwaveringly determined to keep the pumps running.

A week of open track would be necessary to resupply Leadville with coal and coke, and even with the lines opened, and an assured supply, it would require this length of time to fully relieve the situation. Trains are being sent to Denver and Colorado, but about the storm continue, that road is liable to be again tied up.

There has been a continuous storm, with a few short remissions, since the middle of the week. The supply of provisions is running short in Breckinridge and Kokomo, which are shut off from communication with the outside world by rail. In Kokomo ham sells at \$1 a pound, and other meats in proportion. There is no butter left in the town.

COLDEST IN TWENTY-SEVEN YEARS.

CHICAGO, Feb. 9.—The city is in the grip of the coldest weather since 1872. The mercury began to fall steadily at midnight, and by 6 o'clock registered 22 deg. below at the Weather Bureau. Many thermometers throughout the city, however, registered the mercury down to 25 and 28. Out in the fashionable western suburb, La Grange, it is claimed 30 below was reached.

At twenty people were so severely frostbitten during the early morning hours that they had to be removed to the police stations and hospitals.

The fact that the frost is so general on the ground causes the fear to penetrate to the water mains and several portions of the city are suffering from a lack of water supply.

H. Blum was found frozen to death on the street by a police officer. It is believed that the man, while intoxicated, lay on the ground and succumbed to the cold.

Huron, N. D., at 36 below, was the coldest place in the United States today. Bismarck, N. D.; Duluth, Minn., and Crook, Wis., reported 32 below zero.

The cold wave shows increased intensity in the central portions of the country. A line of low pressure, passing over Chesapeake Bay westward over Tennessee, Arkansas and Oklahoma. Freezing temperatures today are reported as far south as Chicago.

The indications are that the extreme cold will moderate some by Friday.

BUSINESS SUSPENDED.

JOLIET (Ill.), Feb. 9.—At 23 deg. below zero today, business is paralyzed. The city is covered with deep snow, and the streets are icy.

SLIGHTLY MORE GENERAL THAN IN YEARS. The Potomac is frozen over.

FUEL SUPPLY CUT OFF.

BOWLING GREEN, (O.), Feb. 9.—The thermometer registered 18 below zero here this morning, and much damage has resulted in the oil fields. Work there is practically suspended. All the gas lines in the city are frozen, and the fuel supply is cut off.

OUTLOOK SERIOUS.

COLUMBUS, (O.), Feb. 9.—Today is the coldest in years, the mercury standing at from 13 degrees below in the central part of the city, to 20 below in the suburbs. The prediction is for colder weather.

TOO COLD FOR COMFORT.

CINCINNATI, (O.), Feb. 9.—The coldest weather for a long time is now here. The temperature by the weather bureau registered 16 degrees below zero. The instrument is located on the government building. On the hills it was much lower. The record at the observatory at Mount Lookout is 26 degrees below zero.

HOWLING BLASTS PREVAIL.

DULUTH, Minn., Feb. 9.—Last night was the coldest for several years, the thermometer dropping to 34 below. The wind ranged from 20 to 25 miles an hour throughout the cold snap, making it doubly severe.

OFFICIAL RECORDS BROKEN.

ST. PAUL, Feb. 9.—The winter's cold record was again broken last night. The official local mercury reached 33 below zero.

TWENTY MEMORABLE DAYS.

MADISON, (Wis.), Feb. 9.—The official thermometer at Washburn observatory registered 28 below here, the lowest since '98, when it was 29 below, the coldest on record. It has been below zero for twenty consecutive days.

NILES HAS NOT ESCAPED.

DETROIT (Mich.), Feb. 9.—The lowest point reached by the official thermometer in Detroit this winter is 13 below zero, at 10 o'clock this morning. This is the coldest weather in two years. Niles reports 26 below.

DISTRESS FOR THE HOMELESS.

ST. LOUIS, Feb. 9.—Not since January 5, 1884, has the weather been so cold in St. Louis as it is today. At the government observatory on the Federal building the lowest touched by the thermometer was 16 below, between 7 and 8 a.m. At Shaw's Garden, in the outskirts of the city, the thermometer registered 19 below, while at the suburban towns of Clayton and Ferguson, the record was 21 below. According to the local weather observer, the present cold spell will last several days longer.

Since yesterday the river has risen three feet, indicating a gorge at some point below.

The present cold snap has caused much suffering among the homeless. Last night hundreds of homeless unfortunate found shelter in the Police Stations and in mission houses. One death from freezing is reported, that of Sam Kennedy, a laborer, whose body was found in a coal shed.

AT THE MOUTH OF THE KAW.

KANSAS CITY (Mo.), Feb. 9.—The local temperature record was broken this morning as the official thermometer at 8 o'clock recorded 20 deg. below zero. A slowly rising temperature is indicated for Friday. Through the southwest still colder weather prevails. In the northwest corner of the State Hopkins recorded 20 deg. below zero this morning.

FATAL TO CATTLE.

WICHITA (Kan.), Feb. 9.—It is reported here that many of the cattle on the range are suffering from frozen hoofs. This usually proves fatal.

KEEN AND CUTTING.

OMAHA (Nebr.), Feb. 9.—The weather bureau here registered a fraction under 23 below zero this morning. This is the coldest weather recorded at this station since the record was started in 1884, when the record was 25 below.

THE POOR IN KENTUCKY.

LOUISVILLE (Ky.), Feb. 9.—Louisville is experiencing the coldest weather since 1884. The government thermometer today registered 14 below. Many private thermometers registered as low as 18 below. There are much suffering among the poor.

WIND SWEEPS THE VALLEY.

EVANSVILLE (Ind.), Feb. 9.—This is the coldest day in twenty years. The thermometer registered 15 below zero. At exposed points it showed 2 deg. lower, and on the river front, where a strong west wind has full sweep, the mercury shows 22 deg. below.

NONE ESCAPED THE FURY.

PITTSBURGH, Feb. 9.—Ten degrees below zero, by the weather bureau thermometer, and from 15 to 20 deg. below in more exposed places, was recorded here today. This is the coldest it has been since the record was started in 1884, when the mercury dropped to 12 deg. below zero.

WORST TO COME.

NEW YORK, Feb. 9.—This was the coldest day of the winter in New York, and extremely cold for this latitude. At 7 o'clock a.m., the temperature was 1 deg. below zero. The local forecast gives warning of still lower temperatures tonight.

FLOOD AHEAD DISCOMFORT.

NEW YORK, Feb. 9.—Through New York State, during the past twenty-four hours, all railroad traffic was delayed several hours. Short suburban lines were completely blocked by the snow, which, on the level, averaged a foot deep, and in many places drifted twenty feet high. The Hudson River overflew its banks wherever it could get a chance, and in many places, lumber yards, freight piers and private places, and causing thousands of dollars damage.

Long Island felt the full severity of the storm. Greentown had the highest tide in a quarter of a century. The wind blew in from the east along with the snow and submerged all the piers. Vessels moored there were on a level with the string pieces. The village of Orient was almost completely cut off from the rest of Long Island by the water from Long Island Sound flowing over, and across the beach into Orient Bay. The cold wave also hit Connecticut. Hartford reported eight inches of snow, and 12 deg. below zero. Bridgeport had the highest tide on record, and all the freight on the steamboat dock had to be removed to higher ground to keep it from being washed out into the sound.

Long Island Sound was swept from end to end by high tides being the highest in the history of the State of Connecticut. All the water front at New Haven was submerged. Great damage was done to the city, and the water was storm-sweet and E. F. Benedict's palatial yacht Oneida was blown so hard against the dock in Indian Harbor, that its bow stuck through. It was hauled off with only a few hundred dollars damage. This is the yacht on which President Cleveland has made so many of his famous trips.

THE HUB CITY INCLUDED.

A. P. EARLY MORNING REPORT.] BOSTON, Feb. 9.—A howling north-east snowstorm prevailed in the bay and along the Massachusetts coast the past twenty-four hours. A three-masted schooner, name unknown, is reported wrecked off Nantasket Beach. The Hull life-saving crew has sent out a boat. At the present writing, it is not known whether the vessel's crew is still alive.

Boston Harbor was a fury of driven snow and scattered spray. The ferryboat slips were under water, and passengers had to wade for it.

The storm played havoc with property along the Lynn and Swampscott shore. The exceptionally high tides swept away all buildings and demolished yachts and other small craft lying upon the shore at Kings Beach in Lynn.

At Lynn at high tide, the water went a considerable distance up New Washington street, flooding the cellars of several residences, waiting car and traffic difficult. The sea demolished 5000 worth of stone breakwater on the water front. Down on Cape Cod, a howling snowstorm, such as prevailed last November on the awful night when the steamer Portland went down with all on board, raged all day.

The vessels have yet been reported, but great anxiety is felt for the safety of shipping, as it is believed the storm is even worse off shore in the track of the coast.

The roar of the waves could be heard distinctly on shore. None of the ships could be seen, and it was impossible to get a boat out to the Rip lightship was holding to its moorings or not.

VICTIMS OF COLD.

CHICAGO, Feb. 9.—This was the coldest day in six years, and there is no record of February so cold. The mercury registered 21 below zero at 8 o'clock in the morning. The cold wave lingers persistently over the entire central and eastern sections of the country, and runs down to the borders of the Gulf stream. The highest temperature recorded during the day was 8 below.

Northwestern reports are reported from Illinois and neighboring States as follows:

H. R. LUNSFELD, Chicago. FRANK MANNING and GEORGE HAMILTON, Joliet. THOMAS KEEGAN, Rockford, Ill. HENRY K. FORTUNE, Oskaloosa, Iowa. ANNE MILLER, Louisville, Ky. THOMAS BRIDGES, Princeton, Ky. MARY LYNE, Henderson, Ky. JAMES MANNING, St. Louis, Mo. UNPRECEDENTED WEATHER.

KANSAS CITY, Feb. 9.—Never since the government weather bureau was established has such cold weather been known in Western Missouri and Kansas as prevailed last night and today. In Kansas City the thermometer registered 20 deg. below this morning, and at 4 o'clock this afternoon, 7 deg. below was recorded. At 10 o'clock tonight the thermometer registered 17 below. The cold wave is reported to be prevailing. This unprecedented weather has caused much suffering among the poor. At the Midland Hotel today the thermometer registered 500 shivering men with soup, coffee and bread. The various charitable organizations, however, received many calls for assistance.

Throughout the Southwest the cold is intense, and heavy losses of cattle on the ranges are feared. All points in Texas and territory below registered 20 deg. below. Atchison reports 22 deg. below. Leavenworth, 20, Lawrence and Junction City, 18, Topeka, 17, Fort Scott 13, Galena 12, and Wichita 9.

Still colder weather is reported in Western Missouri. Hopkins, in the northwestern corner of the State, reports 20 deg. below. Marysville and Clifton, 20 deg. below. Centralia, 26, St. Joseph 23, Sedalia and Columbia 20, Springfield 14 and Independence 12 below.

ATLANTIC COAST INCLUDED.

WASHINGTON, Feb. 9.—The cold wave, which has prevailed during the past twelve days in the central valleys, west and northwest, has finally reached the Atlantic Coast, and extends from Maine to Florida. The temperature, however, are moderating in the East Gulf and South Atlantic States, and the central Rocky Mountain region.

FLORIDIANS SHIVERING.

SHARKEY AND MITCHELL MATCHED FOR TWENTY ROUNDS.

NEW YORK, Feb. 9.—Tom Sharkey and Charley Mitchell have been matched to meet in a twenty-round bout at the Bolingbroke Club, London, for a purse of \$11,000, on May 29.

COLFAX, Feb. 9.—[Exclusive Dis-
patch.] The reservoir, one-half mile
above the stamp mill of the Big Dipper
Gravel Mining Company's stamp mill,
near Iowa Hill, burst at 10 o'clock
Wednesday night.The rush of water carried it with
death and destruction. The mill, which
was used for crushing the cement and
gravel was nearly destroyed. The
blacksmith shop and changing room
are a complete wreck. A portion of
the debris from the mill is washed ashore
at American River bridge, many miles
below.The men who were sleeping at the
hotel first heard the roar, but before
the alarm could be given, the rushing
waters were upon the mill, which is
located at almost the lowest portion of
New York Canyon. The night mill man,
F. E. Vannewitz, gave the alarm and
escaped unhurt. Joseph Farber and his
companion, working on the rock-
breaker, were engaged in building a
fire in the changing-room. Farber was
caught in the wreck of the building,
and his body was recovered yesterday
some distance below the mill. A num-
ber of Chinese were working in the
gravel in the cañon. Five of them were
swept to death.A huge shaft, weighing 1600 pounds,
was carried three-quarters of a mile
down the cañon. A miner in charge
of a train of cars loaded with gravel,
coming out, heard the roar of the water,
which opened in the cañon near the mill.
He unhitched his horses and com-
menced a race for life with the water,
which flowed back in the tunnel for
nearly half a mile.The loss to the Big Dipper Gravel
Mining Company will probably approx-
imate \$20,000. The accident will neces-
sitate the closing of the mine until the
mill can be rebuilt.

ANOTHER ACCOUNT.

AUBURN, (Cal.) Feb. 9.—The reser-
voir at the Big Dipper mine in the
Iowa Hill mining district has broken
and carried away the entire mill,
blacksmith shop and drying house.
Five Chinese and one white man,
Joseph Farber, were killed. Their
bodies were found several miles down
the cañon.The Big Dipper ranks as one of the
richest gravel mines in California. Owing
to the past dry season, there was not
much water in the reservoir, which is
a mammoth one, being nearly two
miles in length. Had it been full,
the damage to property, and loss to life
would have been much greater.

ADVISES FROM THE ORIENT.

Men Lost—Hobson Speaks—Children
Drowned—Converts Wounded.

[A. P. EARLY MORNING REPORT.]

VANCOUVER (B. C.) Feb. 9.—The
steamer Empress of Japan arrived
yesterday from Hongkong and Yokohama.Mail advices say that the steamer
Kinshu, which sailed from Seattle
December 28, lost six men over-
board on her trip across. When two
days out the wind blew a gale from the
northeast, with mountainous seas.
Some of the crew, led by Mr. Lapack,
chief officer, were securing hatch covers
and all movable fittings in the after
deck, when a heavy sea broke over
board, completely drenching the crew,
and washing overboard the apprentice,
officer and four sailors.Capt. Brady at once put about in
search of the men, but could not find
them. Several companions were saved.
The Kinshu was carried away, besides
large pieces of the bulwarks.Lord Boreham left Yokohama Janu-
ary 25 for San Francisco on the steamer
American Maru.Chinese rebels recently raided Kueifu.
Several hundred Chinese were finally
repulsed at Choshusho by the Japanese
guards, who recovered the city. About
eighty insurgents were wounded.At Kobe, January 18, the City of
Peking narrowly escaped total destruc-
tion by colliding with the Japanese
gunboat Amagi. A number of her life-
boats and guns and twenty-two
bulwark rail were carried away. The
passengers say the order maintained on
board at the time of the collision was
splendid, and they pay high tribute
to Capt. Smith's coolness and seamanship.Sir Claude Macdonald has obtained
official assurances from Tsung Li
Yamen that China will not alienate
the northern extension railroad to any
foreign power.Dispatches received from Hang Chow
report a rising among a rowdy class
belonging to the Tung Luhsien, Ten-
chow prefecture of Chekiang, against
the native converts of the American
mission, resulting in the burning of
the mission chapel and the wounding
of two converts. It is stated that a
project to extend the branch of the
Hankow-Canton Railway to Fukien,
for which Americans agreed to ad-
vance a loan, has been abandoned.Lieut. Hobson passed through Kobe
on his way to Manila. He delivered
an address to the Young People's So-
ciety connected with the various
Christian missions. At the conclusion
of the address the Merrimack here was
accorded an ovation, all the children
rising and shouting Hallel for the
American officer.It is learned from official sources
that the Japanese government intend
to make no distinction between the
subjects of various powers in the mat-
ter of travel after next July.A Peking dispatch states that the
Chinese government has decided that
extension of the French settlement
at Shanghai, under any circum-
stances, adding that Great Britain will
assist China to oppose any pressure
and resist any threats France may
exercise.

Russian troops stationed in Port

Arthur to the number of 20,000, are re-
ported as preparing to pass the winter
under tents. Owing to the severe
weather, the tents afford scant shelter
to the men, and great numbers are
suffering from frost bites. Several
have died. The commander-in-chief,
in consequence, has given instructions
for the erection of barracks.

FIRST FATALITY.

Laborers Crushed by a Cave-in at
Seattle, Feb. 9.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE, (Wash.) Feb. 9.—[Exclu-
sive Dispatch.] The first fatality mark-
ing the construction of the exten-
sive fortifications now being placed in
a triangle at the points of Marrow-
stone, Wilson and Admiralty, occurred
this morning at 10 o'clock, at the lar-
ger named position, when a cave in of hun-
dreds of tons of rock and earth com-
pletely buried three laborers, one of
whom was dead when recovered. The
men, who were Italians, were working
at Admiralty, and with the view to
economizing, took up quarters in a mis-
erable little abandoned shack on the
beach, directly under a high bluff,
where the defenses are located.Last night when it was thawing,
which followed the severe cold weather
of last week, a large section of the
bluff caved in on the shack, com-
pletely demolishing it. Two of the
bluff, named Hanson and Dolio, es-
caped, but the third man, Nicholas
Eurno, was smashed into an un-
recognizable mass of humanity.

FOUND DEAD.

Sudden Death of a Los Angeles Real
Estate Owner.

[BY DIRECT WIRE TO THE TIMES.]

VIRGINIA CITY, (Nev.) Feb. 9.—
[Exclusive Dispatch.] G. A. Fitzmaurice
was found dead in his lodgings on
North B street this afternoon, lying
on the floor of his room. He had not
been seen since January 31, and it is
supposed that he died some time dur-
ing the day. His death is attributed
to heart disease.Up to two years ago he was one of
the most prominent Comstock busi-
nessmen, having been proprietor of the
City bakery on North C street, for a
third of a century, where he accumu-
lated considerable wealth. He owns
mining property in Red Cañon district,
Douglas county, in this State, and real
estate in Los Angeles. He was a native
of Michigan, and aged 68.

CHINESE REBELS PILLAGE.

Japanese in Formosa Meet With
Terrible Losses.

[A. P. EARLY MORNING REPORT.]

VICTORIA (B. C.) Feb. 9.—Ad-
vices from the Orient state that the Chinese
rebels in Formosa are gaining strength
and that many cities are being looted.
About the middle of January a battle
occurred between the Chinese insur-
gents and the insurgent troops at
Taipingfu. The engagement resulted in
victory for the rebels who, after suc-
ceeding by their flank movements in
dodging the Japanese fire, and coming
to close quarters, fought hand to hand
for three hours. Hundreds were cut
down, and when the Japanese were
finally beaten back they left between
350 and 400 dead on the field. The rebel
loss did not reach 100.Advancing, after their victory, they
captured Tientsin, and moved eight
miles from Torpeh. The inhabitants
were terrorized and there was a rush
to Amoy for safety.

CALIFORNIA Y.M.C.A.

Eighteenth Annual State Convention
Open at San Jose.

[ASSOCIATED PRESS DAY REPORT.]

SAN JOSE, Feb. 9.—The eighteenth
annual State convention of the Y.M.
C.A. opened at the Baptist Taber-
nacle in this city at 1:30 o'clock this
afternoon. The "quiet hour" services
were conducted by Rev. Dr. J. K. Mc-
Lellan, president of the Pacific Theolog-
ical Seminary.There are a large number of repre-
sentative men from various parts of
the State in attendance, Los Angeles,
Oakland and San Francisco being es-
pecially well represented. The Ex-
ecutive Committee has opened headquar-
ters at the St. James Hotel, where its
chairman, D. Edward Collins, of Oak-
land, is in charge.A good programme of services has
been arranged. The convention will
continue this week.The following were declared the per-
manent officers of the convention:
President, D. E. Collins, Oakland;
first vice-president, F. H. Barb, San
Jose; second vice-president, Roia V.
Watt, San Francisco; third vice-pres-
ident, F. H. Lawrence, San Francisco;
secretary, R. S. Boyce, Sacramento; as-
sistants, John Proll, Stanford and
Ralph Pruitt, Oakland.After addresses by W. H. Jacks on
the necessity of active work, H.
McCoy on the failure of the San José
Y.M.C.A., and Dr. Kummer and Judge
Reynolds, welcoming the delegates, and
a response by President Collins, the
convention adjourned until tomorrow.

VETERAN ON TRIAL.

Jackson at the Bar for the Shooting
of McColgan.

[ASSOCIATED PRESS DAY REPORT.]

NAPA, Feb. 9.—The trial of James
M. Jackson, charged with assault with
a deadly weapon and attempt to kill
W. E. McColgan, of the Veterans' Home,
December 16, 1898, began in the
Superior Court today. It took precisely
fifteen minutes to secure a jury. The
opening statement was waived. E. E.
McColgan, the victim, testified that
he told the story of the assault, which
arose over a contention about the
occupancy of a bed in the convalescent
home. He said that three shots were
fired, one taking effect in the left
side. Other witnesses gave substan-
tial confirmation to the statements of
the witness. Veterans from the home
are strongly in evidence.

NEW OFFICERS ELECTED.

Packers' Association Names Officials
and a Committee.

[A. P. EARLY MORNING REPORT.]

ASTORIA (Or.) Feb. 9.—The Colum-
bia River Packers' Association has
elected the following officers:
President, A. B. Hammond; first vice-
president, Samuel Elmore; second vice-
president, J. O. Hanthorn; secretary,
George H. George; treasurer, W. W.
Gosling.Besides these, under the plan of or-
ganization adopted, an Executive Com-
mittee that has full charge and control
of association affairs, was elected as
follows: Samuel Elmore, chairman;
George H. George, George Hanthorn,
A. B. Hammond and T. D. McGovern.

NEW GOLD FIND.

Richest Alaskan Strike in Months
on McDonald Creek.

[A. P. EARLY MORNING REPORT.]

SKAGWAY, Feb. 4, via Victoria, B.
C., Feb. 9.—The richest gold strike
made for months is reported from Mc-
Donald Creek, Northwest Territory.
The strike is close to the boundary
line of British Columbia, and the
Northwest Territory.

The creek drains a natural basin

that slopes down toward Lake Marsh
and the Upper Yukon. The creek is
five miles long. Surface gravel gave
from 21 to 32 a pan. In the country
adjacent to McDonald Creek there are
innumerable creeks yet unprospected.
The gold is coarse and assays high.

RETURNING DISCOURAGED.

Miners Who Went Up Peel River are
Not Acquiring Wealth.

[ASSOCIATED PRESS DAY REPORT.]

EDMONTON (N.W.T.) Feb. 9.—A
correspondent of the Associated Press,
writing under date of November 15 at
Shacktown, forty miles from the mouth
of the Peel River, says:
"The majority of miners who went up
the Peel River are returning very much
discouraged. The same is true of those
who went up the Laird River. The rich
strikes reported to have been made
upon the Buffalo, Hay, Laird,
Gravel, and other rivers last year, exist
only in imagination. All these rivers
have been thoroughly prospected this
year and the only gold found is value-
less copper ore in the Gravel River."
"A rumor that a silver ore strike had
been made on Great Slave Lake kept
a number of men from following. I un-
derstand there was no foundation for the
report. Gold nuggets that the Indians
brought in occasionally proved to be
copper ore."that slopes down toward Lake Marsh
and the Upper Yukon. The creek is
five miles long. Surface gravel gave
from 21 to 32 a pan. In the country

LOOKING AT THE VALLEY ROAD.

SAN FRANCISCO, Feb. 9.—Passen-
ger Traffic Manager George T. Nichol-
son and Superintendent of Machinery
John Player, with John J. Byrne of
Los Angeles, general passenger agent
of the Santa F. lines in Southern Cal-
ifornia, are here looking into the affairs
of the Valley Road recently purchased
by the San Francisco terminal of the
Santa F. Mr. Player, who is at Stockton
and Point Richmond, with the object
of determining which is the better
location for machinery and repair
shops. It is believed that Stockton
will be selected.

PACIFIC COAST FRUIT-GROWERS.

SAN JOSE, Feb. 9.—Extensive prepa-
rations are in progress for the mass
meeting to be held at the Auditorium
here Saturday in the interest of the
Pacific Coast Fruit-Growers' Asso-
ciation. It is hoped that there will
be a large gathering of fruit-growers,
and that the organization can be made
a success. It is on the line of the
coast, and to take the grain and the
Associations. The capital stock has
been placed at \$1,000,000 in 100,000
shares.

CHINESE ACTORS TO BE DEPORTED.

SAN FRANCISCO, Feb. 9.—United
States District Judge De Haven has
ordered the deportation of six Chinese
actors arrested about six
weeks ago for being illegally in the
country. They were landed
yesterday at the Nashville
Exposition and have been on a bar-
stopping expedition since the close of
that show. They were compelled
to give bond and the government is
compelled to pay for their transpor-
tation.

SCIENTIFIC BODY ORGANIZED.

BERKELEY, Feb. 9.—The professors
in the departments of geology of Stan-
ford and the University of California,
headed by Prof. Joseph L. Conte, have
begun the organization of a scientific
body, intended to include the geologi-
sts of the coast, and to take the grain and the
Associations. The capital stock has
been placed at \$1,000,000 in 100,000
shares.

MADE A DYING STATEMENT.

SAN FRANCISCO, Feb. 9.—Adolph
Schmidt, the ex-convict, who was
robbed and beaten in his room last Sat-
urday night, died today of his injuries.
He had been in the hospital for three
days. His death was caused by the
wounds inflicted by Alvin Flanders
the men who had attacked him. They
are under arrest.

BRACKENBACH'S HORRIBLE FATE.

LOS ANGELES, Feb. 9.—G. H. Ander-
son, a Southern Pacific brakeman, 32
years of age, was run over, decapitated
and instantly killed while making his
switch in the yards here this morn-
ing. His parents live in Fresno. An
inquest will be held today.

KILLED BY A LANDSLIDE.

PORT TOWNSEND (Wash.) Feb. 9.—
A landslide near Admiralty Head
fortifications on Whidbey Island today
killed Nicola Orjuna, an Italian laborer,
and severely injured two others.

STEAMBOAT DISASTER.

Vessel Wrecked and Burned—Sev-
eral Lives Lost.

[A. P. EARLY MORNING REPORT.]

NASHVILLE (Tenn.) Feb. 9.—The
steamer P. D. Stages, Capt. Douglas
Jones, was badly wrecked at the
bridge over the Tennessee River at
Johnsonville, Tenn., at midnight. In
attempting to go under the draw
bridge the boat "sheered" and struck
the bridge, knocking the pilot-house
and smokestacks off. The boat then
drifted helplessly down the stream,
which was swollen by rains and snow.
The boat, which has not been heard
from since, is valued at \$10,000, and is
insured. The cargo is valued at \$15-
000.Several men clung to the piers of
the bridge and were saved.
Among the dead were W. C.
Graham, of Louisville; Mr. Brandon, Pa-
ducah, Ky., father-in-law of Capt.
Jones; Mr. Hellum, Evansville, rep-
resenting the Evansville Grain and
Company; Mr. Herring, Louisville, to-
bacco house; Mrs. Jones, wife of the
captain; Gus Thomas, head clerk; Bob
Scott, second clerk; J. Buchanan,
to hire clerk; Mrs. McDaniel, head cook;
Billy Smith, Paducah, an ex-pilot,
and a well known fur dealer.

THE STEAMER BURNED.

NASHVILLE (Tenn.) Feb. 9.—The
steamer P. D. Stages, which collided
with the railroad bridge at Johnson-
ville last night, drifted four miles
down the river and burned. There were
sixty people on board the steamer.
A telegram from Nashville states that
all on board were saved except second
clerk Robert Scott and six or eight
roustabouts.The people on the steamer were taken
off in boats and cared for by the re-
sidents of various places along the river.
Search is being made for the bodies
of the second clerk and roustabouts
who were drowned.

DECISION FOUND CORRECT.

King Malletton Will Be Sustained by
the President.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Feb. 9.—[Exclusive
Dispatch.] The State Department has
received copies of the decision of Chief
Justice Chambers of Samoa, on the ap-
plication of Malletton, as King. It has
been carefully examined, and pro-
nounced legally correct. The Presi-
dent will uphold the decision.

AT THE FRONT.

(CONTINUED FROM FIRST PAGE.)

These troops had been on their trans-
port so long that they were ready
unit for active service until they had
an opportunity of stretching them-
selves ashore for a few days. The last
time they had been ashore was at
Honolulu en route from San Francisco
for Manila.Gen. Miller has with him the
Eighteenth Infantry and Battery G, of
the Sixth Artillery, and these will be
reinforced in the course of twenty-
four hours by the First Tennessee Re-
giment, making a force quite equal to
the occupation of Iloilo.

FOREIGN INFLUENCE.

[ASSOCIATED PRESS NIGHT REPORT.]

BOSTON, Feb. 9.—The Globe this af-
ternoon prints a letter received in this
city from First Lieut. Henry Murray,
quartermaster of the First South De-
kota Volunteers, of Gen. Otis's com-
mand in the Philippines, which says
that as far back as the middle of De-
cember, Aguinaldo and his followers
were being encouraged and aided by
some outside sources, and that the
opening of hostilities was expected by
the United States troops. The letter
which bears the date of December 16,
says in part:
"A couple of nights ago we ex-
pected the insurgents to attack us,
but it fell through, like most of their
threats. Someone is working them up
year and the only way we are ready
to stand any fooling. In Manila
those that control do not want to lose
power and sink into obscurity."

RALLYING AT MALABON.

Aguinaldo's Forces Preparing to
Make a New Stand.

[ASSOCIATED PRESS NIGHT REPORT.]

MANILA, Feb. 10, 10 a.m.—The rebels
have apparently selected Malabon as
their base of operations in the next en-
counter with the Americans, as they
are concentrating in considerable force
there and at Calocan. Many small
bodies of scattered troops are strag-
gling in from all the right and others are
undoubtedly arriving from the north in-
terior provinces.
Aguinaldo is reported to have estab-
lished headquarters at Malabon for the
purpose of rallying his forces for a de-
cisive blow. In order to cover their
movements the rebels again opened fire
upon the Kansas outposts last night.
The firing was continued for twenty minutes but without
effect. The Americans reserved their
fire until a detachment of the enemy
emerged from the bamboos, when a
well-directed volley made the rebels
scatter back to their cover in the
jungle. Beyond this everything is quiet
along the fire line.
The Fourteenth Infantry has un-
earthed several tons of Spanish shells
which had evidently been stolen from
the Spanish arsenal and cached by the
rebels in the vicinity of Parangue. Fif-
teencartloads of them have been brought
into the city as has also a modern
naval gun and a part of its mount.
There is no doubt that the gun was
either stolen by the insurgents or re-
moved from one of the sunken war-
ships.

AGONILLO LYING LOW.

Aguinaldo's Envoy Having a Quiet
Time at Montreal.

[ASSOCIATED PRESS NIGHT REPORT.]

MONTREAL, Feb. 9.—Agonillo,
Martí and Luna, the Filipinos, are hav-
ing a very quiet time of it at present.
They have received several cablegrams
and several letters, but the ones they
are waiting for, those which are sup-
posed to contain direct news from
Aguinaldo, have not come. Agonillo
says he is as yet entirely unready to
say what he will do.
"At present," he said, "we are in
communication with the rebels by dif-
ferent points by cable and wire, and there
will be many more, for we cannot carry
on a war like this without having
some military aid among the Fili-
pino, but the greater part of the in-
habitants of the islands would appre-
ciate American rule and the more be-
cause of Aguinaldo's defeat. In Mr.

THE TIMES
Weekly Circulation Statement
STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, SS:
I, ALBERT L. DENNIS, manager of the Los Angeles Daily Times, do hereby certify that the circulation of the Los Angeles Daily Times for the week ended February 4, 1899, was as follows:

Sunday, January 31	22,570
Monday, February 1	22,570
Tuesday, February 2	22,570
Wednesday, February 3	22,570
Thursday, February 4	22,570
Friday, February 5	22,570
Saturday, February 6	22,570
Total for the week	172,570

Daily average for the week, 24,653.
Subscribed and sworn to before me this 4th day of February, 1899.
THOMAS L. CHAPIN,
Notary Public in and for the County of Los Angeles, State of California.

NOTE.—THE TIMES is a seven-day paper. The above aggregate, viz., 172,570 copies, issued by us during the seven days of the week, would, if apportioned on the basis of a six-day working paper, give a daily average circulation for each day of 28,762 copies.

THE TIMES is the only Los Angeles paper which has regularly published the circulation of the Los Angeles Daily Times for the past several years. Advertisers have the right to know the NET CIRCULATION of the paper in which they place their advertisements, and this THE TIMES gives them correctly, from time to time; and it furthermore guarantees that the circulation of THE TIMES regularly exceeds the combined circulation of all other Los Angeles newspapers.

San Diego 46 Portland 48

Weather Conditions. — The cold wave has passed outward, and is now prevailing from the Missouri River to the Atlantic coast. Extremely cold weather is reported this morning from the eastern states. Omaha reports a temperature of 24 deg. below zero; St. Louis, 26 deg. below; Kansas City, 20 deg. below; Chicago, 20 deg. below; Washington, 8 deg. below, and New York, 4 deg. below zero. The weather is cloudy on the Pacific Coast from Puget Sound to San Francisco, south of which place it is clear. Light rain is reported from the North Pacific stations. The weather is warmer west of the Missouri Valley, though the temperature continues low between the Rocky Mountains and the Missouri River.

Forecast. — Local forecast for Los Angeles and vicinity: Continued fair, moderately mild weather tonight and Friday; north to west winds.

SAN FRANCISCO, Feb. 9, 5 p.m. — Weather conditions and general forecast. The following are the seasonal rainfall to date, as compared with those of same date last season, and rainfall in last twenty-four hours:

Stations—	Last twenty-four hours.	This season.

San Francisco data: Maximum temperature, 64 deg.; minimum, 44 deg.; mean, 49 deg.

The weather is cloudy over Washington, Oregon and the place and Rocky Mountain regions, and in the extreme northern portion of California. Rain or snow has fallen from Cape Mendocino and Red Bluff northward to the British line and westward to Montana and Wyoming. The pressure has fallen over the northern plateau region during the day, and has begun to rise over Washington within the last twenty-four hours. The temperature has remained pretty much unchanged in all districts. Conditions are favorable for partly cloudy weather in California Friday, with light, scattered showers in the extreme northern portion.

Forecast. — Partly cloudy for thirty hours, ending midnight, February 10, 1899.

Northern California: Partly cloudy Friday, with light showers in the extreme northern portion; light west wind.

Southern California: Fair Friday; light west wind.

Arizona: Partly cloudy Friday.

San Francisco and vicinity: Partly cloudy Friday; probably somewhat threatening in the morning; fresh west wind.

ALL ALONG THE LINE.

The University of Southern California meets a "long-felt want" in establishing a college of forestry. Southern California is especially rich in timber, and the university is equipped with the technical knowledge necessary to carry on practical forest management and provide for the protection of the great watersheds of this section.

The reunion of the veterans of the Blue and the Gray, to be held on Washington's birthday, promises to be an exceedingly interesting and noteworthy event. Gen. Shafter's presence is assured, and if Gen. Joe Wheeler also shall be able to be present, as he expects the hope, that he may be, there will be such a demonstration of enthusiasm as has not been seen here in many a day.

The Orange County Board of Supervisors has acted wisely in promptly appropriating \$250, at the request of the Santa Ana Chamber of Commerce, to be used in printing a new descriptive pamphlet of Orange county and its resources. The meeting of the National Educational Association in this city will afford an exceptional opportunity for the use of such a pamphlet to good advantage.

A correspondent who inquires with reference to the Library of Congress is informed that the total number of volumes in the library is estimated at somewhat over 275,000, besides 200,000 pamphlets. This number includes the law books, which, though part of the library are kept in a separate room under the Supreme Court, and the books which constitute the library of the Smithsonian Institution, formerly kept in that institution. The building was completed in February, 1897, and opened in November following. The building cost \$4,023,154, has about forty-four miles of shelving, and will accommodate 2,000,000 volumes.

An interesting incident occurred at Phoenix Monday, when S. E. Pratt, formerly a Rough Rider, returned to Capt. J. H. McClintock the revolver the captain handed him at the battle of Las Guasimas, just after the captain was shot down. Pratt came to the captain's assistance, and carried him behind a clump of trees, where the Mexicans were singing about them, cutting off limbs and tearing up the earth. Pratt, the Phoenix Gazette says, carried the six-shooter with him through the Santiago campaign, and used it on a Spanish soldier who came at him at close range with a wicked-looking machete. The young Rough Rider emptied three shots into the enemy. Later on he secured from the body of a dead Spanish soldier a holster for the weapon. This holster he presented Monday to Maj. McClintock with the revolver.

Police Court Notes.

Yesterday the Jury in Justice Morgan's court in the case of Charles Thomas, a painter, charged with vagrancy, failed to agree, standing nine for acquittal and three for conviction, and were discharged.

William Curry was charged in the Police Court yesterday by Frank Corber and John Harrold with the embezzlement of ten sacks of potatoes and one sack of onions. The prosecution not being ready with witnesses, the case was postponed until 9:30 o'clock this morning.

R. A. Doran, who left his horse unhitched on Broadway, yesterday paid \$1 in the Police Court for his negligence. Henry Wilhelm yesterday obstructed a crosswalk on Spring street with his team. He was taken before Justice Morgan, who fined him \$5.

WANTS HIS HOME.

T. S. C. LOWE OF PASADENA SUES CHARLES G. EMERY.

Action to Secure Right of Redemption from Foreclosure Proceedings on the Pasadena Homestead and to Quiet Title.

T. S. C. Lowe and his wife, Leonie A. Lowe, of Pasadena have filed a bill of complaint in the United States Circuit Court against Charles G. Emery of Clayton, N. Y., in which they ask for an injunction restraining the defendant from commencing any legal action against them to secure the Lowe homestead at Pasadena. The document is a bill in equity to quiet title to the property mentioned, and in it Mr. and Mrs. Lowe pray that they may be given the right to redeem the property from foreclosure proceedings, by which it reverted to the control of Emery.

After reciting at some length the tangle into which the Lowe property has been thrown through litigation, the bill closes with a prayer for the issuing of a subpoena for the defendant to appear and answer charges of unfairly securing control of the homestead.

According to the bill, Mr. Lowe first lost absolute control of the property in July, 1896, when he mortgaged it to the State Loan and Trust Company of Los Angeles, for \$20,000. This mortgage was filed in August of that year. Thirteen months later the mortgagee defaulted payment of interest on the loan, and the action was commenced in the County Superior Court to foreclose. January 23, 1897, the property was sold at auction, and the mortgagee, the State Loan and Trust Company, being the highest bidder, secured it for \$28,000.

In order to redeem the property it was necessary for Mr. Lowe, according to law, to repurchase the property within six months from the time of its sale. In July of that year he made a written agreement with Charles G. Emery, whereby the latter was to redeem the property by the payment of \$24,000, and Lowe was to continue living on the homestead, paying to Emery an annual rental of \$2400, in monthly installments of \$200. In addition to this Lowe was to keep up repairs on the property, pay the taxes and see that the insurance premiums did not run behind. Lowe also agreed to pay Emery \$28,000, and waived his right to redeem the property under the original foreclosure. This agreement was for a year, but time was not made a factor in ending the agreement.

Emery took a deed in trust for the property, and at the request of Lowe conveyed to the Los Angeles Safe Deposit and Trust Company in trust for Lowe, and deposited the deed with the Title Insurance and Trust Company of this city. The following February he withdrew the deed without notice to Lowe, and in February of this year he served notice on Lowe to pay \$200, due for rent, or to vacate the property within three days.

The case brought in equity for it is the contention of the complainant that the document by which Emery secured control of the property was in reality only a mortgage. It would seem from the wording of the bill that the complainant thought Emery looked upon the transaction as a conveyance. Lowe further sets forth that the property in question is worth \$80,000, and that it is not equity that he should lose its ownership for a less sum. He also says that he has made a tender of the amount due Emery, together with interest and rental, and that he is now ready to settle the matter on that basis, but that the defendant refuses to make a settlement.

DIED SUDDENLY.

While Awaiting Permission to Enter the County Hospital.

An old man was taken to the Receiving Hospital at 12:30 o'clock p.m. yesterday from New High street, near Temple for medical treatment, but by the time the patrol wagon reached the hospital the man was breathing his last and died before the arrival of Dr. Hagan. Coroner Holland was notified, and the body was removed to Garfield's undertaking parlors, where an inquest will probably be held some time this afternoon.

There was nothing on the person of deceased by which his identity could be ascertained, as the only article in his pockets was a bandana handkerchief, a plug of tobacco, a pair of glasses, and a few Chinese lottery tickets, a purse containing \$1.18 and a Los Angeles Railway Company transfer, punched at Temple street at 11 o'clock a.m., yesterday.

From the secretary of the Associated Charities it was learned that the old man was Jacob Schwartz, a native of New York City, aged about 80 years. For some time previous to July, 1898, he lived at the County Farm. He was a single man, and it is not yet known whether he had any relatives living or not.

FOUGHT THE FILIPINOS.

A Los Angeles Soldier Who Went Through the Battle of Manila.

Capt. George E. Lawrence, who until the beginning of hostilities with Spain was in command of the Signal Corps, attached to the First Brigade, National Guard of California, Gen. Last's command, is now a member of the Signal Corps at Manila. He was in the front of the last Saturday and Sunday and received no injuries. Before he left his home he prepared a cipher code for his own use and left a copy of it with his mother for the purpose of being able to communicate with her without great expense. Last night Mrs. Lawrence, who resides at No. 722 South Main street, received a cablegram from her son. It contained but one word of the cipher, the meaning of which was: "We have had a battle and I am safe and well."

Capt. Lawrence enlisted in the Signal Corps organized from among the volunteers at San Francisco several months ago. According to the press dispatches this branch of the service performed some of the most dangerous work during the fight.

MANY STAMPS FOR SALE.

Postoffice Department Will Dispose of Periodical Stickers.

In accordance with the request of a great many stamp collectors and other persons, the Postoffice Department has decided to offer for sale complete sets of the newspaper and periodical stamps lately in use by postmasters. This announcement was made in the daily bulletin of orders of the department, received at the postoffice yesterday.

Fifty thousand complete sets will be reserved when the plates are destroyed, and they will be on sale after the 15th of this month. Each set will be sold for 35c, and the sale will continue until December 31, unless the supply is exhausted prior to that date.

WANTS TO CARRY MAILS. New Southern Steamship Line to Be Opened Soon. Capt. Alphonso B. Smith, president of the new steamship company which is going to operate a line between either San Pedro or San Diego and San Benito, Mex., made an informal application to Postoffice Inspector Flint yesterday afternoon for permission to carry the United States mails going south.

The captain says that the first boat will start from the California terminus of the line March 16, and that one month will run thereafter for ninety days, after which time two trips a month will be made. It is asserted by the president of the company that the new line of steamships will touch at all points on the Mexican coast north of San Benito, and that as a result it is within the power of the company to handle the mails in better shape than they are now being taken care of.

Capt. Smith says that he already has the contract from the Mexican government to carry its mail north, and that all of his vessels are national steamers of Mexico. His application will be referred to the proper authorities.

Mail Burned in a Wreck. Postoffice Inspector Flint has received many complaints recently relative to lost mail, which was posted in Southern California, December 25 and 26. These complaints have come from all parts of this end of the State, and to one and all the inspector is sending a similar reply, to the effect that the mail was burned in a wreck on the Atchison, Topeka and Santa Fe at El Moro, Colo., December 28. All the mail which was posted in Southern California either on the afternoon of December 25 or the morning of December 26 was destroyed in the fire which resulted from the wreck.

One of the most delightful card parties given by the members of the Orange Street Whist Club was held yesterday evening at the home of Mr. and Mrs. W. S. Garretson, No. 1007 Orange street. The house was exquisitely decorated. The entrance hall decorations were carried out in red and green. Blazing poinsettias and asparagus plumosus were effectively used. In the drawing-room the decorations were pink and green. La France roses, smilax and ribbons were artistically arranged about the room. The chandelier was ornamented with smilax and broad streamers of pink satin ribbons were suspended from the chandelier, falling in graceful French bows, and loose knots. The electric globes were covered with pink, producing a soft light. Poinsettias, roses and smilax predominated in the library and the color scheme was red, yellow and green. The dining-room was carried out in red and green. Poinsettias and asparagus ferns were gracefully arranged over the hall curtains. Bows of broad red satin ribbons were suspended from the chandeliers, and red roses, poinsettias and ferns were arranged in bouquets about the room. An alcove in the hall was curtained off with smilax, and suspended over head was an immense Japanese umbrella, covered with smilax. Here punch was served throughout the evening. The tally cards were hand painted, and the table markers were in the form of hearts, on which had been painted ballet girls. The cards were hand painted by the hostess, in colors corresponding with the decorations of each room. At the conclusion of the game refreshments were served under the direction of Reynolds. The guests of the club were: Mr. and Mrs. C. C. Parker, Mr. and Mrs. Thomas Ewing, Mr. and Mrs. Ed Rowley, Mr. and Mrs. W. G. Hutchinson, Mr. and Mrs. Howard M. Sale, Mr. and Mrs. Frank Stinson, and Mrs. Joseph Merrill, Mrs. Frank Rader. The following club members were present: Mr. and Mrs. Fred O. Johnson, Judge and Mrs. Miller, Mr. and Mrs. W. W. Neuer, Mr. and Mrs. Charles H. White, Dr. and Mrs. Pepper, Dr. and Mrs. C. C. Deane, Mr. John Trueworthy, Mr. and Mrs. Herbert Brown, Mr. and Mrs. J. W. Hinton, Mrs. Ormsby, Miss Edna Bicknell, Mr. Myer, Mr. Walter Trask.

Mrs. W. D. Babcock gave a delightful afternoon with poets and authors yesterday at her home on South Alvarado street. The reception hall was handsomely decorated with red roses and smilax; the drawing-room was arranged with a frieze of smilax about the walls, and tall vases of yellow and pink roses added color and fragrance to the room. The lights were subdued with pink shades, and under the archway was a basket of roses, suspended from streamers of broad pink satin ribbons, loosely knotted. Violets and maiden-hair ferns were used in the dining-room. A mound of violets was formed in the center of the table, and small bouquets were placed about the room. The library decorations were bignonia blossoms and vines. A delightful social hour was spent in the picture gallery, after which refreshments were served. Those present were: Mrs. O. T. Johnson, J. H. Braly, O. P. Posey, S. A. Van Gieson, J. M. Balthache, W. G. Hunt, C. L. Wills, H. C. Gooding, Charles Smith, W. C. Patterson, Keller, A. F. M. Strong, W. G. Wedemeyer, S. Conrad, C. S. Vance, Homer Laughlin, C. N. Sterry, Rucker, Olin Wellborn, Othman Stevens, E. T. Pattee, Hugh K. Walker, Frank Burnett, Bert Dow, N. P. Bailey, Schriver, E. C. Magauran, and Miss Bessie Alexander.

Mrs. Margaret Hughes of St. James Park entertained at luncheon yesterday in honor of Mrs. Joseph Johnson and Mrs. Charles Spaulding, wife of the new rector of St. Paul's Church. Mrs. Hughes was assisted by her daughters, Mrs. Josephine Surtle, and Mrs. F. H. Shoemaker. The drawing-room decorations were calla lilies, roses and smilax, and the dining-room was ornamented with papyrus, bamboo, and smilax. Luncheon was served from a large round table, which was covered with jonquills and ferns. A tall silver and cut glass vase rested upon a mirror in the center of the table. Individual bouquets of jonquills were placed at each plate. Those present, beside the guests of honor, were: Hugh K. Walker, John Shirley Ward, John Wigmore, M. L. Graves, C. C. Carpenter, Earl B. Miller, Miss Esther Towell.

Mr. and Mrs. Donald McDonald of No. 827 Grand View street entertained the members of the Alvarado Street Whist Club yesterday evening. The house was attractively decorated, and at the conclusion of the games refreshments were served. Those present were: Dr. and Mrs. A. F. M. McCull-

ough, Mr. and Mrs. James Smith, Mr. and Mrs. Scriber, Mr. and Mrs. E. C. Magauran, Mr. and Mrs. Purcell of Chicago.

Mr. and Mrs. W. F. Botsford entertained a few friends at dinner yesterday evening at their home on Edgewood Road. The affair was in honor of Mr. and Mrs. Jenks of Chicago, who are here for the winter. The table decorations consisted of an immense center-piece of California violets and maiden-hair ferns. Other guests were Mr. and Mrs. John G. Mossin and Mrs. Gladys. Following dinner the guests formed a theater party and heard "The Idol's Eye," at the Los Angeles Theater.

Miss Edith Williams of New Westminster, B. C., and John A. Wilson were married Wednesday evening at the home of the bride's cousin, R. E. Williams, University. Rev. Mr. Cochran officiated. The wedding was a quiet one, witnessed only by relatives of the two families. Miss Anna Williams, sister of the bride, assisted as maid of honor.

NOTES AND PERSONALS.
Mr. and Mrs. Charles McFarland entertained at dinner Tuesday evening Mr. and Mrs. C. Modini-Wood, Mr. and Mrs. Fred Eaton, Mr. and Mrs. Harry Gray and Miss Brownlee.

Judge and Mrs. C. C. McComas have removed to their new home, No. 1434 Union avenue, where they will receive their friends as usual on Thursday evenings.

S. E. Bally, who has been making his home on the "Tijon Ranch," Bakersfield, left Thursday for his old home in England, where he will remain for some months.

Mrs. Walter MacArthur of San Francisco is spending the winter with her son, Baron S. Tilden, a new resident of the city.

The programme at the general meeting of the Ebell yesterday afternoon included introductory remarks about Shakespeare by Miss Grace Denman, and musical selections by members of the club.

Mr. and Mrs. Frank Neer have removed to North Ontario, where Mr. Neer has gone into business.

CHAMBER OF COMMERCE.
Annual Meeting Today—Baptists are Wanted Here.

The annual meeting of the Chamber of Commerce will be held in the assembly room of that organization this afternoon at 3 o'clock. Reports of the retiring officers will be read, and J. S. Slauson, the incoming president, will deliver his inaugural address.

A request has been made to the chamber to assist in inducing delegates to the Baptist anniversary, which is to meet at San Francisco in May, to come to California via Los Angeles, and stop over here a day or two before going to the northern city. The return trip is to be made via Portland; hence the necessity of the delegates coming that way.

Nearly a thousand Baptists are expected to attend this meeting, and the local denominational organizations have taken the matter up with a view of getting them to visit this city.

Members of the Chamber of Commerce board of directors are in a quandary relative to the disposition of the gold watch which they received at the horse show Friday night as a prize for their display in the floral classes.

The watch is a handsome one, valued at about \$50. The decorations on the watch in which the directors attended the show were secured at an expense of nearly \$40. As a way out of the dilemma, and also as an economical measure, Secretary Frank Wig-

gins has suggested that the watch be given to any member who will foot the bill for the coach decorations. If no one volunteers to accept the prize under these circumstances, it will doubtless lie unused and unwound.

Members of the board of directors favor the suggestion of the New York Chamber of Commerce that the President of the United States invite the maritime nations to a congress to discuss the relative to the protection of private property from capture during war.

A handsome hand-made silk scarf 18 years old, formerly belonging to the royal family of China, has been placed on exhibition at the chamber by Mrs. E. A. Brown of No. 523 Temple street.

Anti-Vaccination League.
The Anti-Compulsory Vaccination League will meet this evening in the Council of Labor Hall, No. 1124 West Third street. They have now perfected an organization which claims to number 1500 members, and their purpose is to secure the repeal of the present law requiring vaccination of all school children, unless it can be clearly demonstrated that such method of treatment does all that is aimed for it. But until such time, however, they believe that the parents and guardians should have the right of decision in the matter. There will be addresses by a number of physicians and members of the league, and as they have obtained a great amount of fresh data and information since their last meeting, the programme will at least be interesting.

S. E. KELLAM, TAILOR.
Removed to 108 West Second street. Business suits to order, \$15; pants, \$3.50.

Knights of the Maccabees.

MONDAY evening was a red-letter event for the members of Pasadena Tent, No. 1, when eight candidates were initiated in full amplified form, the work being performed by the crack team of Los Angeles Tent, No. 2, who with about thirty other members of that tent were present.

Many visitors were present from other tents. A luncheon was served at the close of the session.

The total membership of the order on January 1 was 237,513, the total increase during 1898 being 28,062, the total certificates issued being 40,702, and 472 new tents were instituted. The total amount of death claims paid in 1898 was \$1,177,634.73; the total amount paid for disability claims, \$45,734.47.

California stands ninth in the matter of membership, and the following figures will give an idea of the growth of the order in the State, where the order was first introduced in 1891, at the close of which year there were ten members; 1892, 749 members; 1894, 1682; 1896, 2732; 1898, 4051. The net increase in 1898 was 871; total certificates issued, 1400; new tents instituted, 17; death claims paid, \$31,300; total disability claims, \$1200.

This order furnished nearly a thousand volunteers in the late war with Spain.

A magnificent new temple is being erected by the order at Fort Huron, Mich., to cost \$30,000.

There were sixty-seven deaths in the order during December, only five of which were in California. In the same month thirty-one disability claims were made, aggregating \$5768.42, none of which were in California.

Los Angeles Tent, No. 2, among the twenty-nine candidates initiated on Wednesday evening, reached its thousandth member in the person of J. G. Blech, who, by the way, is the youngest Maccabee in the world, being a few days over 18 years of age. In addition to the large class of initiates, a number of new applications were received. Altogether this tent has received 369 applications in the past three months, a remarkable record.

Among the visitors Wednesday evening was Past Commander Mielke of San Diego. J. R. Barackman is organizing a company of the Uniform Rank of the order in this city with good prospects of success.

C. J. Walter, P.C., won a rug lamp and prize knife offered by the Supreme Tent for the acquisition of new members.

California-Banner Tent, No. 6, appears to be progressing with the procession, having initiated nine and received seven applications Tuesday evening. This tent is engaged in drafting new by-laws, which will be published in a handy volume containing a directory of members, blanks for monthly payments, and other useful matter. A number of visitors were present Tuesday evening from Pico Heights Tent.

PASADENA.

MRS. HOBART GIVES THE BIGGEST PICNIC OF THE YEAR.

The Charters a Special Train for Forty Guests and Dines Them. Grand Army Post Buries a Confederate Soldier—Addresses by Ah Fong at Chinese Celebration.

PASADENA, Feb. 9.—[Regular Correspondence.] One of the most royal picnics ever given in Pasadena, was the entertainment extended to forty guests today by Mrs. Byron L. Hobart of St. Louis, who is spending the winter at Hotel Green. Mrs. Hobart chartered a special train for her friends, mostly Hotel Green people, took them down to Terminal Island, dined them in the highest style of art, and made them happy in a way that was quickly in its popularity. The party left here at 9:30 o'clock a.m. in a new car provided for the purpose by General Manager S. B. Hynes of the Terminal road. The whole interior of the car was decorated with pink and white carnations. The train waited for half an hour at Long Beach, where carriages were provided to give the excursionists a look over that city by the sea. A fish dinner with all the accompaniments was served at Terminal Tavern by Landlord McCammet. Afterward yachts were brought alongside and a number of the guests ventured out sailing. The afternoon speeches were made in the car on the way home. In behalf of the guests, Henry Vilas of Madison, Wis., thanked Mrs. Hobart for her royal hospitality and complimented General Manager Hynes. Mr. Hynes responded, and some of the ladies made good bits. The party arrived home about 5 o'clock.

CHINESE OBSERVANCES. Little demonstration was made by the Chinese of Pasadena last night and this morning in celebration of their New Year, but this evening the Chinese Christians gave an exhibition at the Marengo-avenue Mission. About a hundred Chinese Christians, many of whom were new converts, were present and were noteworthy in many respects. Li Tien presided. The Chinese Christians repeated the Lord's prayer in Chinese and sang a number of songs were sung. Ah Sing and others gave recitations. The address of the evening was made by Rev. J. H. Hynes, who spent last New Year's in China, and related some of his experiences. He said his family wondered why he declined to get up in the morning and light the lamps for the 1929 as he used to, and he had hard work to make them understand that he was a Christian. "But," he said, "this wish is never expressed to a doctor or a druggist." Ah Fong said he found a flourishing Christian mission in his native village, and since his conversion to this country he had received letters stating that there had been six new conversions. He believed Christianity was rapidly spreading in China. "My missionaries may think that the Chinese are making slow progress with some of our Chinese boys, but if you know how they feel you will not think so," he begged the local teachers to keep on with their good work in the Chinese.

BURIED BY THE G.A.R. The funeral of the late Thomas Jefferson Martin, held in this city this afternoon, was notable for the fact that it was the first in this part of the country to be held by a Confederate veteran was buried under the ritual of the G.A.R., and Commander Gayard of the local post of the organization, the first time in the history of the organization that it performed such a service. Mr. Martin served in the Confederate ranks through the war, but he afterward affiliated with the Grand Army comrades, and they highly respected him. Rev. J. M. Huxton officiated. Then came the eulogy, which was read by remarks by Commander Gayard, W. M. Pannell, J. A. Jacobs and F. D. Stevens. Pasadena Lodge of the G.A.R. post, attended the exercises in a body. George A. SANTA BARBARA COUNTY.

Stage Held Up and Two Passengers Robbed.

SANTA BARBARA, Feb. 9.—[Regular Correspondence.] The stage which left Los Olivos for this city at 7 o'clock this morning was held up near the Red Gate on San Marcos Rancho, and B. L. Padlock, of Jones, Padlock & Co., of San Francisco, and J. W. Armstrong, of Miller, Schloss & Scott, San Francisco, commercial men, were relieved of \$10.

This is the third hold-up in six months at this same place, and each time it was done by a lone man with a shotgun. The robber was lying behind a fallen tree with his head and shoulders above the limb. His face was covered with a red bandanna handkerchief, and he wore a blue overalls. His accent was decidedly German and his voice was very hoarse, which led the passengers to believe that the German accent was not a disguise.

one. Sheriff Stewart and a half-dozen men are in pursuit, and Deputy Sheriff Frank Manderville has arrested one, under the name of Manderville was on the ground thirty-five minutes after the robbery. "Tell Hicks I shall never bother him again," Hicks was which Sheriff of Santa Barbara, a heavy conductor the hunt when the stage was robbed several months ago. It is believed that the same man committed both crimes.

REDLANDS.

Planing Mill Proprietor Held Up at His Own Door.

REDLANDS, Feb. 9.—[Regular Correspondence.] H. L. Seymour, of Seymour Bros. planing mill, was waylaid by a tramp Tuesday night and robbed of the little money he happened to have in his pocket. Mr. Seymour had been to call on a neighbor early in the evening, and returned to the mill at 9 o'clock to go to his room in the building. He mounted the steps to the platform he observed some one leaning against the frame of the office door, and was about to accost him, thinking it was some friend waiting for him to return, when a stranger sprang upon Mr. Seymour, who is a small man, caught him by the neck and threw him headlong into the street. The man then entered the mill and was rendered insensible by the blow. The tramp went to his room and took the money and a pocket rule, but tossed aside the latter. Mr. Seymour recovered consciousness about a stone thrown at his head bandaged because of a severe bruise, caused either by a blow from the tramp or striking upon a stone when he fell.

SAN DIEGO COUNTY.

HORTICULTURISTS HOLD AN INSTRUCTIVE SESSION.

Experimental Station Wanted—La Jolla Road to Be Operated by Electricity—Hunting and Fishing at Coronado.

SAN DIEGO, Feb. 9.—[Regular Correspondence.] The San Diego Horticultural Society met yesterday at the Chamber of Commerce. The committee appointed to work for the establishment of an experimental station in this county reported that O. J. Roush had offered twenty acres of ground at Moreno, provided the San Diego Land and Town Company would give much more. The matter is now before the directors of the company. G. P. Hall, Horticultural Commissioner, reported what had been done at Redlands, and gave a digest of the information obtained there. Capt. T. H. Dodge, secretary of the Chamber of Commerce, gave a talk on San Diego and its present plans, as outlined by the Chamber of Commerce. He said that the most important thing in the horticultural industry of the county was the water problem. The Morgan bill, as passed by the Legislature, explained the water problem. He said the chances of the two bills getting together in conference and passing a law were not good.

The following resolution was adopted: "Resolved, that the secretary send a request to the Legislature, urging them to use their best efforts to secure an appropriation to the San Diego Horticultural Society, to the end that it may be able to carry out its purpose of establishing an experimental station in this county."

The miscellaneous discussions the following points were brought out: The roots of the orange tree, which are sold under the name of "orange roots," are not the roots of the tree, but are the roots of the tree, and are sold under the name of "orange roots."

Although there has been no formal announcement of effect, it is thought that Mr. Haldemeyer, the harbor contractor, will come to Southern California soon, so that he may make a personal examination of the work which has been executed by his partner, the late Mr. New, had that gentleman lived, and he would have been several big contracts under way in various parts of that, among them being the work on one of the sections of the Chicago drainage canal. At this time of year, however, Mrs. Wheeler conditions to unfavourable that work cannot proceed rapidly, and probably does not require so much present attention on the part of Mr. Haldemeyer as during the summer months. It is therefore believed that he will come here soon and remain until the middle of April.

J. L. Delarant is circulating a petition for the amendment of the ordinance which provides for the protection of seals in the harbor. The ordinance originally imposed a tax of \$50 a year on the sealers, but the board has decided to reduce it to \$25 a year, payable quarterly. The ordinance was passed by a vote of 3 to 2, the board decided that the ordinance should be amended in all the connections.

That the Trustees intend the sewer plumbing shall be done in proper manner is evidenced from the fact that they have decided to require a bond of \$500 from each plumber before he will be allowed to do any work at all. In the first place, he must take out a license, and must give bonds in the sum of \$500 for the faithful performance of his work. If, after the license is obtained, he is found to be a dishonest or unfaithful plumber, the bond will be forfeited, and the plumber will be liable for the cost of the work done.

PLUMBING ORDINANCE INTERESTS SANTA ANA.

Free Delivery System to Be inaugurated Next Month—Carriers Appointed—Old Maids' Convention—General News Notes.

SANTA ANA, Feb. 9.—[Regular Correspondence.] The long-looked-for plumbing ordinance was made the special order of the meeting of the Board of City Trustees Wednesday evening, and accordingly a large crowd of spectators was present. A good many of those present were plumbers; others were residents who expect some little difficulty in connecting with the sewer, and still others were there through mere idle curiosity. The ball was started by the clerk reading the first sections of the ordinance, each of which was discussed apparently in all its phases before passing on to the next. The sections referring to the plumbers providing a license and providing for the kind of joints to be made in the connections brought out the warmest discussion. The ordinance originally imposed a tax of \$50 a year on the plumbers, but the board has decided to reduce it to \$25 a year, payable quarterly. The ordinance was passed by a vote of 3 to 2, the board decided that the ordinance should be amended in all the connections.

A programme of the annual meeting of the Superintendent Department of the National Educational Association, which is to be held in Columbus, O., this month, has been sent to Prof. Foshey. In addition to the announcement of the proceedings of the meeting, which will contain the annual report, the pamphlet contains an announcement of the annual meeting of the association in Los Angeles next July.

By the invitation of Companion F. W. Wood, the February meeting of the Loyal Legion will be held at his residence, No. 401 West Thirty-first street, on the evening of Saturday, the 11th inst., at 8 o'clock. The evening will be devoted to the memory of Lincoln. There will be no formal paper, but each companion is expected to pay his tribute by a short talk on some phase of the character or incident in the life of the great war President. All visiting companions will be welcome.

ARRESTED ON SUSPICION.

Frank Ryan and a Companion Locked Up, but for What?

Frank Ryan is locked up at the Police Station, where he is being detained on suspicion. Suspicion of what seems to be a mystery, as neither the clerk who entered his name on the police record, nor the officer on the patrol wagon when it brought him in, could think of anything Ryan was suspected of. The man was arrested on Alameda street shortly before 8 o'clock last evening, by Officer Talamantes. While at the Police Station before he was put behind the bars Ryan was accompanied by another man.

When Ryan was locked up his companion was taken into the detectives' room, and, after about ten minutes, was taken back to the jail and also put behind the bars. Then Ryan took a turn before the detectives, but like his companion was returned to the jail in a few minutes. If the second man is still in the jail he is not booked, unless it be for drunkenness, and as he was sober when given an interview with the detectives, it is not probable that this charge was placed against him.

Inquiry at the detective headquarters, where Detective Goodman was in charge elicited no information as to the cause of Ryan's arrest or whether his companion was locked up. Detective Goodman denied knowledge of the arrest, and said that if Ryan was locked up doubtless the arresting officer knew of what he was suspected. Clerk Gridley, who entered the name and charge on the police record, said that Ryan was accompanied by another man, but did not know whether he had been locked up or not.

When taken to the Police Station the men were accompanied by a dog, which lay down in front of the jail door, apparently waiting for its master. The animal was still on watch at an early hour this morning, but like the other watchers at the station maintained strict silence in regard to Ryan and his companion.

SUICIDE OF CLEGHORN.

HE PUT A BULLET THROUGH HIS HEAD YESTERDAY.

Was an Important Witness in the Wong Sing Hay Case, and Recently Came from Arizona to Testify in Behalf of Joe Hunter.

Frank Cleghorn, one of the most important witnesses in the Hunter murder trial, whose deposition was taken on Wednesday on account of his inability to be present in court, committed suicide in his room at the Marguerite lodging house, No. 145 North Spring street, yesterday noon.

The room Cleghorn was occupying belonged to Joe Hunter, who has been paying for it for the past two months, although seldom occupying it himself. Monday night when Cleghorn was injured he was taken to the room, and had been in bed ever since.

When Cleghorn fired the fatal shot May Peck was in a room two doors away. She and another young woman entered the room and found him propped up in bed, his eyes wide open and the pistol clamped tightly in his right hand. He had put the pistol in his mouth and fired. The bullet passed upward, came out at the top of the head, and buried itself in the forehead of the bed, where it was found by Coroner Holland. An inquest will be held today between the hours of 12 and 2 o'clock p. m. The inquest was set for that time in order to have Joe Hunter present.

Cleghorn was about 41 years of age. He was a personal friend of Hunter, and while the latter held the office of constable Cleghorn was a deputy under him. The two were intimately associated at the time of Wong Sing Hay's murder, for which Harry Clark stands convicted, and for which Joe Hunter is now on trial.

Some time ago Cleghorn went to Searchlight, Ariz., where he worked in the mines, but returned to Los Angeles recently to testify at Hunter's trial. The story Cleghorn told of his connection with the murder case was to the effect that he drove out to Joe Hunter's place the day after the murder and was told by Hunter of Harry Clark's arrest. That same night, while watching by the cross-roads, Clark having escaped from the officers who had arrested him, he claimed that he fired a shot at some one who rode by on a bicycle, presumably Clark.

Clark's story of that night was to the effect that, after he had escaped from the officers he went toward Hunter's house to get the money which the latter had promised him, on which to get out of the country. He met Hunter and Cleghorn, both at that time being officers of the law, knew that he was a fugitive from justice, but made no attempt to arrest him.

Gen. Johnstone Jones, who is prosecuting the charge against Hunter, yesterday very decidedly expressed the opinion that Cleghorn was not as sick as he pretended, and that his suicide was not the result of sickness alone. Mr. Williams, formerly a deputy in the District Attorney's office, also coincided in this view, and intimated that Cleghorn had committed a guilty knowledge of the murder.

It is said that Cleghorn has been under surveillance for several days, and that in the event of Hunter's conviction he was to have been arrested as an accomplice.
